Connect the Dots

Connect the dots starting with the number 1 and ending with number 49 to complete the animal shape.

What animal is this? Here are some clues: This animal lives in the coastal areas of Louisiana, in fact it is the state bird of Louisiana. This animal has a pouch that can hold almost 3 gallons of water and fish. They use the pouch like a net to catch, not carry, the 4 pounds of fish an adult needs to eat everyday. During the 1960s this bird was extinct in the state of Louisiana, but is once again thriving on our coast.

This animal is a _____.

Answer: Brown Pelican
Pelecanus occidentalis
